THE FUTURE OF ACM PANEL

THE TRADITIONAL WAY

Typical exterior cladding installations come with a high cost, are labor intensive, have no margin of error in installation, and leave little room for efficient repairs.

This video shows the **complexity** of a typical rout and return install:

<https://www.youtube.com/watch?feature=youtu.be&v=CWjCszwWBOQ&app=desktop>

THE FUTURE OF ACM PANEL

Our goal for **QuickPanel Systems** is:

To revolutionize the architectural world that has been dominated by tradition.

That means reimagining every element of exterior design and system delivery to manufacture and deliver an affordable, lightweight, easy-to-install, elegant, durable, and, most importantly, a superior integrated ACM rainscreen system.

QUICKPANEL PRODUCT FEATURES

QUICKPANEL PRODUCT FEATURES

COMPLETE SYSTEM & SERVICES

A comprehensive system to clad your exterior. When you purchase the 4mm ACM QuickPanel System everything necessary to get the system up on the wall is included as one bundle.

QUICKPANEL PRODUCT FEATURES

INTEGRATED 4MM PRESSURE EQUALIZED RAINSCREEN SYSTEM

QuickPanel Systems comes with a complete rainscreen, built-in. System-wide drainage, circulation, and ventilation ensures the integrity and longevity of your building.

Check out this demonstration:

QUICKPANEL PRODUCT FEATURES

FIRE RATED PANELS

Our panels consist of two sheets of coil coated 3000 series or 5000 series alloy aluminum bonded to either a mineral filled fire resistant (FR) core.

QUICKPANEL PRODUCT FEATURES

WIND LOAD TESTED

Proven performance in harsh weather conditions. QuickPanel Systems can shield your structure from even the strongest winds. See for yourself in this video:

<https://youtu.be/rZSqOr00d0Y>

QUICKPANEL PRODUCT FEATURES

UV PROTECTED

Protect the aesthetic qualities of your building's exterior. Our panels are sealed with paints specially formulated to defend long-term against ultraviolet radiation (UV), staining, dirt, and radiation. Our paint is also highly-resistant to chipping, peeling, and fading.

QUICKPANEL PRODUCT FEATURES

NO FACE FASTENERS

Deliver a smooth, clean, and modern aesthetic without unsightly face fasteners.

QUICKPANEL PRODUCT FEATURES

EZ.LOCK™ TRIM TECHNOLOGY

Our two-piece trim assemblies ensure maximum edge protection and significantly speed up the installation process by providing open “tab-free” areas to quickly place panels on the wall. The top cap is easily snapped into place to complete the assembly.

QUICKPANEL PRODUCT FEATURES

COMPRESSION ASSEMBLY

QuickPanel Systems can accommodate up to 5/8" of building compression between floors.

Learn more in this video:

QUICKPANEL PRODUCT FEATURES

COLORMATCH™

QuickPanel Systems are only limited by your imagination. We offer a wide-range of standard color options, and can easily accommodate custom color options.

SPECIFICATION, INSTALLATION, & CERTIFICATION

QUICKPANEL SPECIFICATION

QUICKPANEL INSTALLATION

With QuickPanel, there is no need to specialize your labor or purchase additional specialized equipment.

A free tool pack (shown here) is included with every purchase.

This is all you need:

*Panel Track Saw provided on most orders of 10,000+ sq ft. Check with your area representative for more information.

HAMMER BLOCK

QUICK CLIP

SUCTION CUP

PANEL TRACK SAW*

QUICKPANEL INSTALLATION

Take a look at just how easy installation really is with some of our customers showing off their skills:
